Explanatory memorandum to accompany the Annual Account.

1. *Receipt side.*—In the annual account a sum of Rs. 888-12-3 has been shown against the head of "Fees, Fines and Forfeitures," but the progressive total of the monthly return for September 1885 shows Rs. 866-6 only against that head, that is less by Rs. 22-6-3. This sum (Rs. 22-6-3) was realized by the Deputy Collector of Tumlook on account of peons' fees and credited under the head of "Miscellaneous." In the annual account this sum has been shown under its proper head "Fees, fines and forfeitures."

2. Out of Rs 2,400 being the amount of Government contribution towards the joint Road Cess and Public Works Cess establishment, Rs. 1,200 were shown against the head of "Miscellaneous" and Rs. 1,200 against "Grant from Government" in the monthly accounts

up to September 1885—*vide* Accountant-General's No. 411L.F., dated 24th September 1885, but in the annual account the whole amount, Rs. 2,400, has been shown against its proper head "Grant from Government" instead of showing half of the said amount in one head and the other half in the other.

SUB-HEAD.			Figures as shown in the monthly account for September 1885.		
			Rs.	A.	P.
"Fees, fines and forfeitures"...			866	6	0
Add amount received by transfer from the head of miscellaneous			22	6	3
			888	12	3
"Miscellaneous"			2,922	1	8
	Rs.	A. P.			
Deduct amount transferred to "Fees, fines and forfeitures"	22	6 6			
Deduct amount transferred to "Grant from Government"	1,200	0 0			
			1,222	6	3
			1,699	11	5
"Grant from Government"			10,422	9	9
Add amount received by transfer from the head of miscellaneous			1,200	0	0
			11,622	9	9

3. By the above transfers the figures of the annual account against the head of "Fees, fines and forfeitures" have been increased by Rs. 22-6-3 against "Grant from Government" by Rs. 1,200, and the figures against the head of "Miscellaneous" decreased by Rs. 1,222-6-3 as per detail given in the margin.

4. *Expenditure side.*—The expenditure as shown in the annual account under the head of "Original" and "Repairs" is Rs. 15,863-9-3 and Rs. 87,558-6, while the expenditure in the monthly account against those heads amounts to Rs. 15,845-5-3 and Rs. 87,576-10 respectively, that is, the expenditure of "Original work" has been increased by Rs. 18-4, and that of "Repairs" decreased by the same amount. The reason of this difference is that out of the materials collected for "Repair work," and the cost of which was formerly charged to that head, materials worth Rs. 18-4 have subsequently been transferred to the head of "Original work" for construction of bridges, &c.

5. The figures both of the receipt and expenditure sides of the quarterly returns for the first, second, and third quarters have been compared, and the total of each sub-head agrees with that of the annual account with the exception of the items mentioned above.

Chairman.

No. 243, dated Hooghly, the 20th February 1886.

From—G. TOYNBEE, Esq., Chairman of the District Road Cess Committee, Hooghly,

To—The Commissioner of the Burdwan Division.

WITH reference to your letter No. 35 of the 4th instant, I have the honour to submit the report on the administration of the Hooghly and Howrah District Road Fund for the cess year 1884-85.

2. None of the Committees have held many meetings during the year. This is partly owing to the fact that the funds of the Committee are spent almost entirely on repairs, the estimates for which require more formal sanction, and partly to the absence of other business, and the approaching introduction of the Local Self-Government scheme.

3. A decrease of seven miles in the total length of metalled roads under the District Road Cess Committee was made during the past cess year. Owing to want of funds to maintaining it in proper order, the road from Howrah to Juggutbullabpore was abandoned as a metalled road:—

	1883-84.	1884-85.
Metalled roads	80·09	73·09
Unmetalled roads	365·61	372·61
Total ...	445·70	445·70

4. All repairs to roads provided for in the budget estimate were undertaken and duly completed within the cess year, with the exception of the repair of a bridge on road No. 70 (from Guza to Kristanagore), which could not be done with the amount provided for it in the budget, and no further funds were available.

5. In the budget for 1884-85 the only provision made for original works was for the construction of three culverts on road No. 81 (from Goghat to Shambazar), and three culverts on road No. 80 (from Pursoorah to Ichanabad). The amount provided for them in the budget was Rs. 1,770. Both these works were completed within the cess year.

6. The general condition of the bridges in the district is fair, but that of the roads both metalled and unmetalled, is not satisfactory. The fact is that the funds of the Committee cannot keep pace with the growing demands of the people for good roads, and the constantly increasing traffic on those already constructed. Brick metal, however good and well laid

down, will not stand the wear and tear of country cart traffic, and the Committee cannot afford to replace it with stone. It would in my opinion be better to leave a road altogether unmetalled than to metal it with brick metal. The whole funds of the Committee are spent in establishment and repairs, and if no further funds be forthcoming in the shape of a grant from Government, it will be impossible to make any new roads, or to thoroughly repair all those now in the list. During the month of August last the whole country was flooded, and with the exception of two roads, viz. the Bydebaty to Bhola and Nobogram to Bora roads, all other roads in the district, both metalled and unmetalled, were under water, and for some time were in consequence more or less damaged.

7. The village roads were repaired by the local Sub-Committees, zemindars, and village headmen, whose work was fairly satisfactory as far as it could be tested by the Engineering establishment. In many instances the grants from the Committee were supplemented by local contributions. The registers I and II of village roads have been kept up, and will form a useful record when the Local Self-Government scheme is introduced.

8. The trees planted along the sides of district roads were properly looked after and are now throwing well. The experiment seems to be a success so far as it goes. The Committee have not funds for its further extension.

9. The different establishments under the Road Cess Committee have, generally speaking, given satisfaction in the discharge of their duties. The District Engineer is not in my opinion sufficiently active and energetic, and consequently does not make the most of the limited funds at his disposal.

10. The Branch Committees formed in the different sub-divisions of the district do not seem to have taken much interest in their work; but, as explained in paragraph 2, the funds placed at their disposal have been spent chiefly on repairs, and there was little or no business that was not of formal nature.

11. As regards the general working of the system, I hold that the Committees as consultative bodies have been a success. As they are to be shortly replaced by the District and Local Boards, no further remarks seem called for.

12. This report will be laid before the Committee at their next meeting, and any remarks that the members may wish to make will be duly communicated to you.

G. TOYNBEE,
Chairman.

No. 106, dated Burdwan, the 7th April 1886.

From—E. E. LOWIS, Esq., Officiating Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

WITH reference to section 179 of the Cess Act of 1880, I have the honour to submit herewith, in original, the annual reports and accounts of the receipts and expenditure of the Road Cess Funds of the several districts of this division for the cess year 1884-85.

2. The total receipts of all the districts in the division for the cess year 1884-85, including balances on 1st October 1884, and sums under the heads of advances and deposits, amounted to—

	Rs.
Midnapore	1,94,758
Hooghly and Howrah	2,02,299
Burdwan	1,80,490
Beerbhoom	1,02,888
Bankoora	60,572
Total ...	7,41,007

3. The net disbursements of the year (excluding advances and deposits, Rs. 1,02,845) amounted to Rs. 5,38,022, viz.—

	Rs.
Midnapore	1,35,315
Hooghly and Howrah	1,68,044
Burdwan	1,33,355
Beerbhoom	61,732
Bankoora	39,576
Total ...	5,38,022

4. The available balances on 30th September 1885 aggregated Rs. 88,732, exclusive of a deficit balance of Rs. 5,326 in the Hooghly and Howrah district, viz.—

	Rs.
Midnapore	38,458
Burdwan, Rs. 32,835—16,733, to be refunded to Government ...	16,102
Beerbhoom	22,232
Bankoora	11,940
Total ...	88,732
Hooghly	—5,326

5. Attention has been given to arboriculture, the existing trees have been maintained in all the districts. New trees have been planted in the three districts of Midnapore, Burdwan, and Beerbhoom. The Hooghly and Howrah Committee report they have no available funds for further extension.

6. With reference to village roads it must be noted that the cess year was very exceptional, provision having first to be made for relief works, and then to repair excessive flood damages.

7. In Beerbhoom, money that would have been allotted to village roads in addition to other funds aggregating Rs. 16,000, besides the Government special grant, was spent on road and tank works in the most distressed parts of the district.

8. In Burdwan, the village road funds, Rs. 9,783, were disbursed on relief works, through the Collector, and of the Government grant of Rs. 25,000, Rs. 2,479 were disbursed by the Collector for drinking water-supply purposes.

9. In Bankoora the allotment for village roads, Rs. 3,500, in addition to the Government grant of Rs. 5,000, was utilized for repair and construction of village roads in the distressed tracts, and Rs. 6,325 were expended.

10. In Hooghly and Howrah, advances amounting to Rs. 28,997 were made, and in Midnapore Rs. 16,378 were expended on village roads.

11. The heavy floods of August 1885 caused great damage to many of the roads and the old bridges especially in the southern districts. These damages have been repaired as far as possible, and the roads opened for traffic.

12. Generally as a whole the roads of the Division have been well maintained.

13. The Hooghly and Howrah Committee report that, for want of funds, they have been unable to do all that is necessary; that their whole funds are absorbed in maintaining the existing roads; that they have no funds available for new roads or even for thoroughly repairing the existing metalled lines; and that they have been compelled to abandon the metalling on seven miles of the important line of road from Howrah to Juggutbullubpore.

14. The remedies would appear to be to convert the important lines on which the statistics of traffic show it to be feasible into tramways that shall be self-supporting. A proposal of this kind for the Howrah and Juggutbullubpore road has been generally approved by Government, and it is hoped it may be possible to carry it through.

15. With the exception of the Hooghly District Engineer, who is reported to have been wanting in energy, the District Engineers have, during the year, worked well, particularly so in Beerbhoom and Midnapore. My acknowledgments are also due to the Divisional Superintendent, Mr. Roberts, for his willing and intelligent co-operation.
